

## PAPER DETAILS

TITLE: NEW PERSPECTIVES ON COMPUTER FORENSIC SCIENCES

AUTHORS: Hakan SINAR

PAGES: 665-672

ORIGINAL PDF URL: <https://dergipark.org.tr/tr/download/article-file/99432>

**NEW PERSH**

trends are<sup>1</sup>:

- the growth in the u
- the new way of cor  
processing",
- the growth of comp  
internet.

It is easy to understand  
use of PC) on compute

## *New Perspectives on C*

a means of comm  
knowledge, inform  
exchanged<sup>4</sup>.

These three trends  
science in the age o  
the progress in com  
and in the types of

information technology could be seen in the "recovery technology". With the development of spreadsheets and e-functioned in multiple systems (Windows, evidence easily in the data to a read-only format) allows documents be produced without

## *New Perspectives on*

Below I am going  
computer evidence

- acquisition
- preservation and
- analysis of com

## The Acquisition of

In forensic comput  
is important but

cooperate system which  
together by networks,  
computer system has  
damage to innocent  
creditors. And also if t  
company there may b  
and time zone. So it i  
took enough computer  
larger corporate syste  
Here, once more, it

## *New Perspectives on*

- A proper chain

It is also important  
primary element of  
is certainly no exc  
So, the original ev

## The Analysis of C

It's impossible to r  
without taking in  
recovery enables

- Authenticating data files
- Comparing and contrasting particular programs and
- Advising on what media and identification
